## Product Information

### POULTRY PAK

No. 6310

### GUARANTEED ANALYSIS

Crude Protein .....	Not Less Than .....	18.00%
Crude Fat .....	Not Less Than .....	0.50%
Crude Fiber .....	Not More Than .....	3.50%
Copper (Cu) .....	Not Less Than .....	1.00%
Potassium (K) .....	Not Less Than .....	9.00%

### INGREDIENTS

Soybean Grits, Corn Distillers, Dried Grains with Solubles, Sodium Bentonite, Copper Proteinate, Zinc Proteinate, Manganese Proteinate, Iron Proteinate, Cobalt Proteinate, Yucca Schidigera Extract, Bacillus Subtills, Fermentation Extract, Aspergillus Oryzae Fermentation Extract, Copper Sulfate, Zinc Sulfate, Ferrous Sulfate, Manganese Sulfate, Potassium Chloride, Potassium Bicarbonate, Calcium Carbonate, Choline Chloride, Vitamin A Supplement, d-Activated Animal Sterol (Source of Vitamin D2), Vitamin E Supplement, Riboflavin Supplement, Calcium Pantothenate, Niacin, Vitamin B12 Supplement, Menadione Dimethylpyrimidinol Bisulphite (Source of Vitamin K Activity), Thiamine, Pyridoxine Hydrochloride, Biotin, Folic Acid, Citric Acid (A Preservative) and BHT (A Preservative).

### HOW IS IT USED:

Feed at the rate of 6 lbs. per ton (3 kg. per ton) of completer feed throughout the production period replacing similar amount of grains, or simply include it in your least cost specification at the fixed rate of 0.3% of the complete diet.

### PACKAGING:

- **33 LBS (15kg) bag**

10100 Douglas Ave  
Des Moines, IA 50322 USA

### WHAT IS IT?

- A nutritional product designed to improve feed efficiency and production performance of poultry.
- Contains Hytrate, a proprietary product formulated by reacting high quality proteins with minerals. The resulting protein-mineral complex serves as a source of highly available nutrients that achieves one or more of the following:
  - a. Improve the performance of the animals in terms of feed efficiency; increased bodyweight gain in broilers, turkeys, ducks, geese; or enhance egg production of layers.
  - b. Uniform feathering and stronger skeletal system required to support the extra weight of fast growing broilers and turkeys and the high egg production of layers.
- Contains a variety of broad spectrum enzymes from Bacillus Subtilis and Aspergillus Oryzae extracts. These enzymes compliment the digestive enzymes for better utilization of protein and energy sources of various feed ingredients.
- Contains Yucca Schidigera extract which enhances the performance of the animals through the reduction of ammonia odors and sludge buildup in the manure or litter; thus creating a healthier environment in the poultry house.
- Contains supplemental vitamins A, D3, E, K, B12, niacin, riboflavin, pantothenic acid, folic acid, biotin, thiamin, pyridoxine and choline. The presence of these vitamins serves as and insurance for diets that may otherwise be marginal in available vitamins that are necessary for maximum performance.
- Contains sodium bentonite.
- Contains no drugs and requires no diet withdrawal.
