March 8, 2019

To Our Valued Customers,

In January it was announced by the Zamzow family that they would be closing the facility here in Urbandale, Iowa effective April 19<sup>th</sup>.

As we are now approaching that date we have determined that the last day we will be able to accept orders will be March 22<sup>nd</sup>. This date has been established to ensure that we will have time to bring in any raw materials required, process and ship out all final orders prior to the scheduled closing date.

If you are in need of any final blending from us please submit those orders prior to March 22<sup>nd</sup>. All orders will be completed on a first come first serve basis.

For our small pack customers; please note that our production capacity for small pack items is completely booked and we will not be accepting any further small pack orders.

It has been a pleasure doing business with you.

Sincerely,

John Green

Operations Manager
